

Products Used: Premier Custom Built custom cabinetry with custom finishes; concrete countertops by Concrete Jungle; GE Monogram refrigerator; Viking 60-inch range; Bosch dishwasher; Elkay sink; Concinnity faucet.

“Efficient and cozy for one very accomplished chef/homeowner, but proficient and expansive enough to accommodate an assembly of caterers,” was the order. A three-part multi-functional and rearrangeable island, along with a hard working and separate clean-up area accomplished the task. Accents of fresh and vibrant color lend excitement to a very spontaneous landscape of pale neutrals, providing a fitting backdrop for the owners’ cherished collection of roosters from around the world.

Special Design Features: Old World design theme blends naturally through the use of hand-worked antiqued finishes in the cabinetry and the weathered stone appeal of concrete countertops, to create a space that is as homey as it is elegant.

Size of Area: Before, 250-square feet; after, 310-square feet.

Interior Designer: Linda Steimke, IFDA

Photography: Omar Salinas

LOIS KENNEDY

Lois Kennedy founded her own firm, Kitchen Design Consultants, in 1990 out of a desire to provide a more specialized service to her clients. Her reputation for thoughtful and creative design concepts, complemented by her thorough execution of details, won her a following of delighted clients.

In addition, her ability to understand the particular concerns of the design community has earned her the respect of the architects and designers who rely on her as a valuable resource. Lois’ formal training is in both architecture and interior design, with a degree in Fine Arts from the University of Maryland.
